

Bleed - Print Area to be Cut Off

The diagram shows a document template with a light gray bleed area. A solid black line represents the print area, and a red dotted line represents the cut-off area. A horizontal line across the middle is labeled 'FOLD LINE'. The top of the page is arched, and the bottom is rectangular. The text 'Keep All Important Elements like Text Inside the Red Dashed Lines' is written in red, slanted text within the dotted boundary.

Keep All Important Elements like Text
